The personal information that we collect depends on the context of your interactions with us and the Services, the choices you make and the products and features you use. The personal information we collect may include the following:

Personal Information Provided by You. We collect names; phone numbers; email addresses; mailing addresses; job titles; usernames; passwords; contact preferences; contact or authentication data; billing addresses; debit/credit card numbers; and other similar information.

All payment data is stored by Stripe. You may find their privacy notice link(s) here: <https://stripe.com/privacy>.

All personal information that you provide to us must be true, complete and accurate, and you must notify us of any changes to such personal information.

Information automatically collected

In Short: Some information — such as your Internet Protocol (IP) address and/or browser and device characteristics — is collected automatically when you visit our Services.

The information we collect includes:

* **Log and Usage Data.** Log and usage data is service-related, diagnostic, usage and performance information our servers automatically collect when you access or use our Services and which we record in log files. Depending on how you interact with us, this log data may include your IP address, device information, browser type and settings and information about your activity in the Services (such as the date/time stamps associated with your usage, pages and files viewed, searches and other actions you take such as which features you use), device event information (such as system activity, error reports (sometimes called 'crash dumps') and hardware settings).

* **Device Data.** We collect device data such as information about your computer, phone, tablet or other device you use to access the Services. Depending on the device used, this device data may include information such as your IP address (or proxy server), device and application identification numbers, location, browser type, hardware model Internet service provider and/or mobile carrier, operating system and system configuration information.

Note however, if you choose to opt out, you may not be able to use certain aspects of the Services.

We automatically collect device information (such as your mobile device ID, model and manufacturer), operating system, version information and system configuration information, device and application identification numbers, browser type and version, hardware model, Internet service provider and/or mobile carrier, and Internet Protocol (IP) address (or proxy server). If you are using our App, we may also collect information about the phone network associated with your mobile device, your mobile device's operating system or platform, the type of mobile device you use, your mobile device's unique device ID and information about the features of our App you accessed.

* Push Notifications. We may request to send you push notifications regarding your account or certain features of the App. If you wish to opt-out from receiving these types of communications, you may turn them off in your device's settings.

This information is primarily needed to maintain the security and operation of our App, for troubleshooting and for our internal analytics and reporting purposes.
